Willowbrook Homeowners Association
315 Meadows Drive
Boynton Beach, FL 33436

Attention: Mr. John Turner
Superintendent, All About Painting

Regarding: Letter of Recommendation

Dear Mr. Turner;

I want to take this time to personally thank you and your organization for an excellent job at Willowbrook. It is with great pleasure that this Board of Directors recognizes your company and would make the high recommendation for others to consider your services.

As you can imagine, we often have the unenviable task of processing considerable information from various vendors. Your competitive price and glowing references made our selection process a much easier one.

As you know we have 31 buildings and a Clubhouse within a tight community. Our concerns were meeting a deadline to minimize disruptions as well as eliminating the overspray from this project since the buildings are close and the parking lot is open. Your crews took the time to mask off where necessary and were very professional not only in painting...but in interacting with the community members.

Of course, if we weren't very satisfied you wouldn't have been invited back to do our pool deck and stain our fences. My only regret is that you don't do concrete work and roof repairs!

I wish you continued success in this market and please know that you are always welcome on our property to show-off your fine work.

Kind regards,

Larry Gomez
President, Willowbrook Board of Directors
