Dear John,

This is a positive reference for you and your company
All About Painting, 10712 Wiles Rd., Coral Sprints, Fl 33076

I decided to use 'All About Painting' for the outside painting of my home because you, John, presented in the most professional way of all the others who offered an estimate. As well as your estimate being affordable, you provided your: Certificate of Liability Insurance; Certificate of Competency; Broward County Local Business Tax Receipt.

I am very satisfied with the painting of my house and will be more then willing to recommend you to all my friends for any painting needs they may require.

The color matches you provided for the paint samples I provided to you were perfect. You were always cordial and positive and professional in your demeanor.

You were always on time with appointments and the with the schedule to complete the painting. This was a very stress free experience for me.

I am satisfied that the pressure cleaners who were employed the first day to clean my house and the painters who were employed the second day to paint my house were professional, cordial, proficient, and cognizant in the job they were performing. The work performed by them exceeded every expectation that I had. I will contact you again the next time my house needs painting.
