Hello John,

I would like to express my appreciation to you and All About Painting for your quality and reliable work.

As you know, I own a 40,000 sq.ft office building in Coral Springs, Florida for the past 19 years. Your company has just completed painting the exterior and I must say that this was the finest paint job that I have ever had. Because of your outstanding work, I have contracted with you to paint all the Tenant interiors as the become vacant. In addition, I had you paint the entire interior of my new residence in Parkland, Florida.

Your workers were professional, courteous, expeditious, and always cleaned up after themselves.

I look forward to a lasting relationship.

Regards,
